Thanks

As for the conference call, yes but all I want to do right now is make sure Robin is aware of the issues and ready to respond if we chose to prepare a reply.

Rosella, you and me would be on the call to Robin.

I will send the link to Barbara.

Thanks

Felix

Felix,

It is my understanding that you wish to setup a conference call with HyrdoQual to discuss the next steps for addressing NJDEP's comments:

ftp://njharbor:jyH7iBsd@scienceftp.epa.gov/Transmittal_of_comments_on_Pathogen_doc.pdf

I will do so. To facilitate the conference call, I have uploaded the documents in question at this temporary site:

<ftp://njharbor:jyH7iBsd@scienceftp.epa.gov/>

FYI, NJDEP made the comment that they did not have a signed QAPP. If you wish to transmit to them the signed QAPP, here is a temporary link you can send them:

We received the comments from NJDEP on the Harbor Path TMDL document. We need Robin to review the comments and then we can set up a call to figure out the next steps. Can you please direct Robin to review the attached document?

Thanks,
Rosella

Jeff,

Attached please find our comments on the technical support document for Pathogens in the NY/NJ Harbor. We would be happy to discuss our comments with you and your staff when you have had a chance to review.

Thanks.
